TE'ARA MARSHALL

Te'ara Marshall is an Augusta, GA native, completing her senior year at Georgia Southern University (GSU), studying English, entrepreneurship, nonprofit management, and paralegal studies.

During her term as secretary of her campus section of NCNW, Te'ara managed member engagement and tracked all meeting discussions and action items. As 1st Vice President, in partnership with fellow campus organizations, she coordinated and executed events designed to effect change on- and off-campus. While serving as NCNW President, she increased her section's alignment and engagement with national headquarters, including programmatic priorities and voter registration. Te'ara also serves her community through Zeta Phi Beta Sorority, Inc. As regional undergraduate representative, she improved undergraduate relations through intentionally designed training. She is one of three newly elected International Undergraduate Directors—in this capacity, she plans to develop a curriculum designed to promote undergraduate leadership.

Te'ara aspires to be a leader in the nonprofit sector, fighting for equitable education for all by providing students with access and opportunity to expose, inspire, and motivate them to achieve their dreams. Additionally, she aims to change the narrative surrounding students of color pursuing higher education.

Te'ara is, a NCNW rising changemaker!
